PROFESSIONAL SUMMARY

Full-cycle Creative Generalist with 15+ years of cross-disciplinary expertise operating at the intersection of editorial copywriting, tier-1 media PR, visual design, and user experience. Alumna of Lomonosov Moscow State University (Faculty of Journalism). Transitioned from print journalism and PR Director for luxury real estate developers (Insigma Group, Contact Real Estate) to brand founder and digital interface designer.

My core advantage is **seamlessly unifying message and medium**: I guide initiatives from raw conceptual sparks to shipped products—crafting brand platforms, writing high-impact copy, designing interactive Figma prototypes, orchestrating tier-1 media coverage (Forbes, RBC), and launching into production. I leverage modern AI-assisted pipelines (Claude, Antigravity) to drastically accelerate throughput without compromising editorial rigor or visual distinction.
